We're building a set for the school play, and we need to get some <sup>1</sup> things that you hold in your hand and use to do a particular job to help us. We need a <sup>2</sup> long, thin tool with metal teeth for cutting wood, and we need some <sup>3</sup> small, thin pieces of metal, sharp at one end and flat at the other, that you use to hold wood together. We should also get a <sup>4</sup> tool with a handle and a heavy metal end that you use to hit nails into wood. I'll bring in a <sup>5</sup> long, thin band, marked with centimetres, that you use to see how long something is. When we start to decorate the set, we'll need a <sup>6</sup> tube with a handle that turns like a wheel, used to roll paint onto a wall. I think that it'll be useful to have a tray so that it doesn't get all over the <sup>7</sup> place at the front of the theatre where actors perform a play.

We had a great day at the zoo today. I wanted to feed the dolphins straight away, but the first thing we did was to go to the elephant house. They're such big animals and it takes a long time to wash them. Because the lion enclosure was nearby, we went there next. There was a really small cub that looked so beautiful! After lunch, we went to have a look at the gorillas, but they seemed to be sleeping. Finally, we went to the aquarium. It was so exciting. I could watch dolphins all day!

### 3 Read and write *T* (true) or *F* (false).

York is a city in the north of England with a very interesting history. It started with the Romans nearly 2,000 years ago, and it became an important centre during the Roman Empire. When the Vikings captured the city in the ninth century, they renamed it Jorvik, and, much later, King Richard II actually made York the capital of England. These days, York is much more peaceful. It is an easy and attractive city to get around, as the centre is surrounded by walls that you can walk along. It has lots of beautiful old buildings, such as York Minster, and many interesting museums. One of these, the National Railway Museum, has the finest collection of railway engines and carriages in the country.

Not surprisingly, it is next to the railway station, which is outside of the city walls. If you get tired of streets and buildings, however, you can take a boat trip along the river for a few hours.
