

12.To make a picture frame. You will need: a card, a glue stick and colored pencils.

- Cut two strips of card a square shape.
- Cut out the center part of the 1st strip to make a big hole.
- Color the strip. Paste or draw shapes to make it beautiful.
- Glue the bottom, the left side and the right side of the two strips together.
- Put your photo through the top of the frame. Paste it on your bedroom wall.

13.Why don't you have to glue the top of the two strips together?

- 1 Because it doesn't make the picture frame look good.
- 2 Because it is a way to put our photo into the frame.
- 3 Because it can make the picture frame fall when we paste it on the wall.
- 4 Because we can't take out the photo again if we put it upside down.
